

Lynxee consulting is a French company specialised in regulatory affairs in the field of plant protection products. We offer our clients regulatory and strategic advice, drafting of technical and administrative dossiers, monitoring of GLP and GEP studies and follow-up with the Authorities.

We work on EU and zonal dossiers with a strong knowledge of French requirements.

In order to support our development, we are looking for talented and passionate staff members.

Currently, we are looking for a:

REGULATORY EXPERT FOR ENVIRONMENTAL FATE (M/F) for Plant Protection Products

Missions

You will be in charge of environmental fate data gap analysis, quality evaluation of study reports, study monitoring, modelling, dossier drafting, providing expert input for regulatory and strategic advice and of any other activity related to regulatory affairs.

You will work in close collaboration with the team and especially with our ecotoxicologist.

Depending on your experience and your motivation, you can also participate in project management.

Conditions

- ✓ Permanent
- ✓ France (preferred) or Europe - Home based
- ✓ Flexible working hours (full or part time models)
- ✓ Monthly meetings in Lyon (France)
- ✓ Direct contact with clients, Contract Research Organisations...
- ✓ Participation to working groups and conferences
- ✓ A passionate and dynamic interdisciplinary team

Profile

- ✓ You are educated to MSc / PhD level in Environmental Science, Biological Sciences, Agronomy, Environmental Chemistry, Analytical Chemistry or any other relevant scientific area
- ✓ You have more than 7-10 years experience in regulatory affairs for plant protection products with practical understanding of environmental fate data requirements, guidance documents and modellings for registration in Europe (ecotoxicological experience is a plus)
- ✓ You are fluent in written and spoken English (French is a plus)
- ✓ You have already worked from home or you feel able to do it
- ✓ You like working in a team and independently
- ✓ You work methodically and rigorously
- ✓ You know how to analyze situations and make critical judgements, and this combined with a great attention to detail
